COMMANDER

POST MEETINGS
1st & 3rd Tuesday evenings
9 o'clock

ADJUTANT

Stewart E. Hoyt.

May 8, 1941

Dear friend

I am writing you hastily to notify you that the Committee on Base Ball is not ready to hold the opening game May 14th.

The reason is that, this year they have, that is the City will build a project on the play ground in C. St. and will not put the Fence in order or build us a new Fence, so the committee has been contacting about to find enough lumber to put the old fence in shape and up to now they have not made much headway on account of contractors disappointing them about lumber so if possible this game will

have to be ² postponed.

The advertisement cards are here and have not been placed around on that account. They can be used again by placing a sticker across the date which is on the card when games will be played, so we are keeping them here.

We hope to have the fence and grounds in shape as soon as possible and will let you know at the earliest time possible.

Sorry this happened but the City Commissioners decided to put up the lights by the 29th of May and no doubt they will be in order by that time but refused to put the fence in order as they will have to pull it down in Oct.

If any other changes take place before next Wed. or soon as the fence is completed by the Committee will let you know so that a new games can be arranged.

We hope this will not effect ~~you~~ these teams from playing somewhere else until we are ready

your sincerely
Commander. Stewart E. Hoyt.
